

GOLDEN OCALA

OCALA, FLORIDA

Urban Design Kilday Studios was contracted by RLR Investments, LLC to provide site planning and graphic design services for Golden Ocala Golf & Equestrian Club - an exclusive golf and country club community that features eight replica holes from world - famous golf courses like St. Andrews, Augusta national and Royal Troon. This 1,200 acre site boasts championship golf and tennis, a state-of-the-art spa and fitness center, a stately 77,000 square-foot clubhouse, an equestrian compound and a myriad of home styles.

Lots were carefully crafted around the champion golf and century-old oak trees scattered on the property. UDKS planned a 75 acre downtown center featuring multiple retail stores, waterfront restaurants, a movie theater and hotel.

UDKS was also responsible for creating large format sales graphics depicting the neighborhood villages, golf course and equestrian amenities - all superimposed on a high resolution aerial photograph.

Client: RLR Investments, LLC
Site Area: 1,200 acres
