

# DOWNTOWN PUBLIC SPACES URBAN DESIGN STUDY

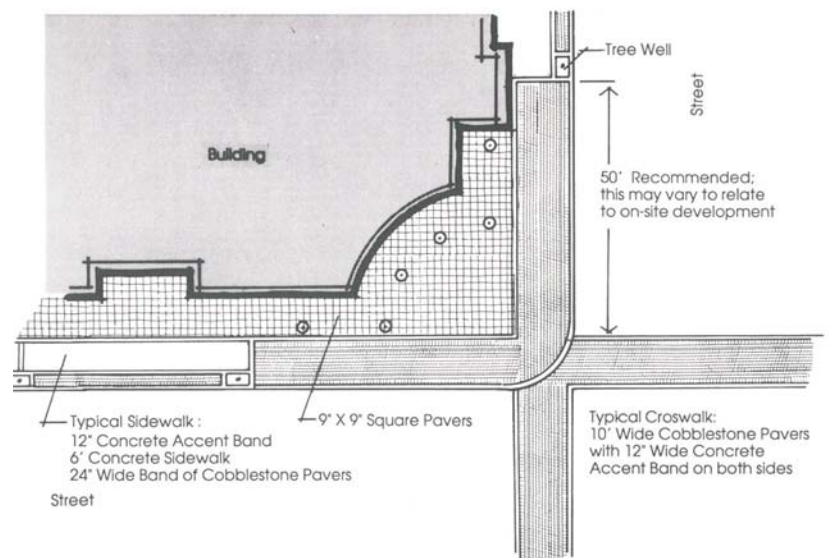

HUNTINGTON BEACH, CALIFORNIA

Urban Design Kilday Studios was selected by the City of Huntington Beach to undertake a series of unique urban design study tasks aimed at assisting staff with reviewing and recommending modifications to redevelopment proposals for the downtown redevelopment project areas.

Specific short term tasks included:

- Provide advice on public open space relationships to existing projects and future projects;
- Review of project plans - provide direction on items needing urban design attention;
- Review and recommend amendments to the city's current design guidelines and manual;
- Recommend streetscape standards for lighting, paving, trees, bollards, signs, and other items;
- Review opportunities for new public plaza areas.
