

# HARBOUR WALK

## STUART, FLORIDA

Urban Design Kilday Studios was retained by EH Building Group to provide site planning and landscape architecture services, as well as representation of the project before the City of Stuart for a 53 acre site prominently located at the intersection of US Highway 1 and Wright Boulevard in the City of Stuart.

The site design preserves 34 acres of uplands and wetlands, and accommodates a Commercial Mixed Use Development consisting of 299,600 square feet of retail uses, restaurant use, Class A office space and a boutique hotel on the remainder of the site. The development fronts on both US 1 and Wright Boulevard and provides a strong pedestrian edge. An elegant paver walkway with outdoor seating, fountains, planters and benches is planned

along this edge. A focal water feature at the corner of US 1 and Wright Boulevard establishes the identity of the project. Parking for the site is nestled behind the buildings out of view from US 1 and Wright Boulevard.

**Client:** EH Building Group

**Site Area:** 53 acres

**Gross Floor Area:** 299,600 sq ft

**Architect:** Peacock & Lewis Architects & Planners Inc
