KEY STAFF RESUME

SCOTT MOSOLF, PLA, ASLA
Landscape Architect

Legacy Place
Palm Beach Gardens, Florida

PROFESSIONAL EXPERIENCE:

In 1992 Mr. Mosolf graduated from The Ohio State University. He began his professional career as an intern for a landscape architecture firm in Aachen, Germany where he traveled extensively to experience Europe's urban design and landscape architecture first hand. After the internship program, Mr. Mosolf moved to South Florida and joined a land planning firm to gain work experience in residential planned developments and commercial design. Mr. Mosolf joined Urban Design Kilday Studios in West Palm Beach, Florida in 1998. At UDKS his role as a project manager and licensed landscape architect allow him to work on mixed-use and commercial projects from the initial design stages through the governmental approvals to permitting. His work experience includes mixed-use community planning on such projects as Delray Marketplace in Palm Beach County, Legacy Place, The Commons and Donald Ross Village in Palm Beach Gardens. His interest in urban design led to commercial in-fill projects such as The Pointe and The Plaza at Wellington Green in Wellington, Centrepark in West Palm Beach and Okeechobee Place in Palm Beach County.

Mr. Mosolf's project management experience ranges from commercial developments to residential communities including Heron Bay and Canyons. His understanding of land planning, urban design and landscape architecture provides a unique variety of expertise. Land planning projects, including governmental approvals for Future Land Use Atlas Amendments and Master Planned Communities round out over twenty years of experience in Palm Beach County. Mr. Mosolf has over nineteen years of experience using AutoCad, Photoshop and other related computer applications to generate site and landscape plans and other support documentation. As a landscape architect, Mr. Mosolf uses the integration of communication, design and land planning to manage a project from its initial stages to completion.

The Bio-tech industry has become a major influence in northern Palm Beach County and Mr. Mosolf has developed the master plan and working strategies for the Scripps Florida/Briger Parcel in Palm Beach Gardens. He also developed site plans and landscape architecture for First Park, a Bio-Tech/Industrial node at the Palm Beach Park of Commerce.
